Hi Christine,

It actually was easier to locate than I thought it would be. This may not be the final version but it gives a sense of the prioritization approach. I'll keep looking because I thought Jeremy had also prepared a doc that had our criteria for decision making.

Hi Amy et al.,

Here is the latest as of last week. Please let me know if you have follow up questions or would like to discuss.

Please note that this table doesn't include the proposed Torres Martinez Salton Sea PM10 monitoring project which is captured under Air Tribal Grants and GAP.

Thanks,

Jeremy

Hi Folks,

Stephanie is meeting with EA tomorrow on funding of projects including Border projects. Could you please provide me, Stephanie and Elizabeth an update priorities chart? Let me know if you need me to review.

Thanks,

A
